

PRESS RELEASE

**MEDX HEALTH CORP.
RETAINS TADDLE CREEK CAPITAL
TO PROVIDE ADVISORY SERVICES**

Mississauga, Ontario- February 27, 2008 – MedX Health Corp. (TSXV: MDX) ("**MedX**" or the "**Company**") is pleased to announce that it has entered into an agreement (the "**Agreement**") with Taddle Creek Capital ("**TCC**") whereby TCC will provide a variety of advisory services, including services related to capital markets, for a period of two years ending January 31, 2010.

TCC will be paid a monthly retainer of \$5,000 and 100,000 options per year over the course of the Agreement.

"We are very pleased to continue our relationship with Taddle Creek Capital," said Gary Van Nest, MedX's Chairman and acting President. "Nelson Smith was instrumental in our success in raising capital and becoming listed on the TSX Venture Exchange, and, particularly in the difficult times in which we currently find our selves, we look forward to his continued guidance and advice as we grow the business."

About Taddle Creek Capital

TCC was founded in 2007 to provide advice to companies seeking to access the Canadian public equities markets for the first time. TCC works closely with its clients every step of the way through the process, from initial meeting to final closing, and then works to help the client meet its capital markets goals in the after-market. TCC was founded by Nelson Smith, a former investment banker with over 20 years of experience in surfacing companies into the Canadian public markets. Nelson has worked with some of Canada's most successful companies in their earliest stages of "being public".

About MedX Health Corp.

MedX is a leading North American developer and manufacturer of phototherapy medical devices, including dental, rehabilitation and wound care products. MedX plans to use the proceeds from its recent public offering to, amongst other things, accelerate the development of a new product aimed at the rapidly-growing wound care market: its "*Photobandage*", a bandage technology that allows a wound to be bathed in light, designed to enhance the healing process.
